What do you choose to support at Dominican Hospital through employee giving and why?

I support the Mary and Richard Solari Cancer Center every pay period and have since before I started working in the building. I was so impressed with the care my mom received as a patient at both Katz and the Infusion Center and I want to ensure that all of our oncology patients have the same high level care and support that she received.

When did you start participating in employee giving at Dominican Hospital and what was it that motivated you to give?

I have been giving to Dominican for many years. I felt and still feel it is important to give back to your community in whatever way you are able. If each of us gives a little, it adds up to a lot!

What does gratitude mean to you? Does it play a role in why you give?

Gratitude, to me, means appreciating what I have in my life, from the little things to the big ones. I think being appreciative of what I have helps me want to share with others.

What's your fondest memory of working at Dominican?

My favorite moments at Dominican are every time my team and I help make a difference in the life of one of our patients, which is frequent!

What's one fun fact others might not know about you?

I am a twin!
