2018. I believed in the projects that were being proposed which benefit both the community and the staff.

What does gratitude mean to you? Does it play a role in why you give?

Gratitude for me is being thankful for something and being able to return it or pass it on. Yes, I am grateful for the services offered.

What's your fondest memory of working at Dominican?

I've been here a long time. In many ways, Dominican is my family. I've gotten a lot of support in trying times from my coworkers.

What's one fun fact others might not know about you?

Before becoming a pharmacist, I had planned on being a professional dancer. Another, is that I have sailed the Baltic, North Atlantic, the Western Mediterranean, most of the Caribbean, and between Mexico and Santa Cruz many times.
