**Dominican Hospital
Foundation.**

A Dignity Health Member

Dear Friends,

As we move deeper into summer, we continue to focus on our Key Initiatives, building the Foundation's strength in major and planned gifts. We look forward to a busy Fall with a Physician's Philanthropy Training workshop, a Heritage Club event and an exciting Holidays d'Eleganz. Some very experienced, new board members join us as you will see in our new board member profiles. In July, our Donor Appreciation event provides the opportunity to express our sincere thanks to our major donors and celebrate both our outgoing and incoming board members.

In the Fall, we will have completed the Katz Cancer Resource Center remodel and it will open in the new Mary and Richard Solari Cancer Center. We are excited to see the realization of the Cancer Center and look forward to the expanded programs and services for cancer patients, county wide. Watch for our grand opening!

And, as you see on the next page, we welcome our new board president, Jon Sisk. A great example of healthy living, Jon is fully vested in the new directions of the Foundation and under his leadership we will achieve significant advances for the hospital, our community and our patients.

Have a wonderful summer,

Beverly Grova
VP of Philanthropy, Dominican Hospital Foundation

New President of Dominican Hospital Foundation, the Epitome of Health

Jon Sisk has been on the Foundation board for more than 9 years, serving on the Executive Committee and as Chair of the Investment Committee. He is committed to strengthening and expanding the Foundation's efforts.

Jon, a fundraiser, an athlete, and a founder of Lighthouse Bank is long rooted in Santa Cruz. An alumnus of St Mary's College, Jon moved to Santa Cruz soon after meeting his wife, Margie Whiting Sisk, a native Santa Cruzan. Margie owns Whittings Foods on the Boardwalk, with her two brothers Ron and Ken, recently celebrating their 60th anniversary of being in business.

“Our work ensures access to the best care possible.”

An active community member, Jon volunteers with many charitable and civic organizations and has been recognized for raising more than \$500,000 for the Santa Cruz High School's new athletic field and track by co-founding the Most Excellent Adventure

bike race. The race, now in its 12th year, is a three-day ride from Healdsburg to Santa Cruz.

Prior to founding Lighthouse Bank, Jon was with Coast Commercial Bank for 12 years. “Lighthouse Bank was started with the idea of giving back to the community. As the bank becomes more and more profitable we want to give more and more back to the community,” says Jon.

Jon is equally passionate about sports and staying active. He recently completed the Oread IRONMAN in Kansas, a grueling 1.2 mile swim, 56-mile bike course, and a 13.1-mile run, and is training for the Los Cabos IRONMAN, a race double that distance.

Jon lives in Santa Cruz with his wife and their daughters, Riley, Makenzie, and Addy.

“Healthcare is a basic need that is not being met for many people,” says Jon when asked about why he is involved with the Dominican Foundation. “Our work ensures access to the best care possible.”

Foundation Welcomes New Board Members

Lee Courtright

has been the owner of Santa Cruz Nissan Dodge Volkswagen for more than 40 years. He attended San Jose State University and UC Berkeley, and

currently serves as a member of the Santa Cruz Rotary Endowment Board where he has been the Scholarship Chair for the past 18 years. Lee's past community involvement includes board and volunteer service for the Santa Cruz Planning Commission, Group Home Society, and the Santa Cruz High School Cardinal Club. Lee enjoys spending time with his grandchildren and family. He and his wife Lynne live in Santa Cruz.

Carolyn Hyatt is an active community volunteer, teacher, playwright, actor and former business owner who has been a resident of Santa Cruz County since 1977. Carolyn has experience

serving on many community boards, including Cabrillo Music, the Museum of Art and History, Shakespeare Santa Cruz and Planned Parenthood, among others. Currently, she is involved with the Tannery Arts Center, where she has served as a member of the board for the last 10 years. Carolyn is an experienced fundraiser and has worked with many non-profit organizations throughout the County.

Roy Martinez, MD

is a Diagnostic Radiologist at Dominican Hospital and President of Radiology Medical Group. Dr. Martinez is board certified in Radiology and Internal

Medicine, and is a member of the American College of Radiology. He is a graduate of Stanford University School of Medicine and completed his Internal Medicine internship at University of California, Los Angeles. His subsequent Internal Medicine residency was at Cedars-Sinai Medical Center in Los Angeles, followed by a second residency in Diagnostic Radiology. He also completed a fellowship in MRI/ Cross Sectional Imaging at Dartmouth Hitchcock Medical Center in Hanover, New Hampshire. Dr. Martinez is an avid cyclist and tennis player. He and his wife Evangelina have lived in Santa Cruz for seven years.

Susan MacMillan

is Senior Director of Strategy and Business Development at Dominican Hospital, where she has worked in various roles since 1988. She has a degree

in Business Administration from Jamestown College, and currently serves as a board member for the Santa Cruz Surgery Center. She is also involved with Dominican joint ventures, including

Radiology Medical Group. Susan enjoys hiking, reading and spending time with family. She and her husband Angus have three children and have lived in Santa Cruz County for 25 years.

Allison Niday is Senior Vice President of Tanis Communications, Inc., a marketing services agency based in San Jose, California. Allison received a B.S. in Journalism from Cal

Poly San Luis Obispo. She has been actively involved in Scotts Valley Schools since 1995, serving on numerous community boards including Brook Knoll PTA, SVUSD Legislative Action Committee, Santa Cruz County School Boards Association and Scotts Valley Educational Foundation, as well as serving as an elected Trustee for the District for eight years. She has also been a hospice volunteer for more than 10 years. Allison has lived in Santa Cruz County since 1974, and is a lifelong skier, enjoys working out and loves the outdoors. She and her husband Paul live in Santa Cruz and have two children.

Martina O'Sullivan is the Director of Community Engagement at Dominican Hospital. Martina has extensive experience serving on numerous nonprofit,

business and government boards, including Hospice Santa Cruz County, Central California Alliance for Health, Santa Cruz Chamber of Commerce, CASA, and Women's Crisis, among others. She holds a Master's degree in Social Work from Wayne State University. Martina and her

husband Will are parents to three grown children, and have lived in Capitola for 30 years. She enjoys spending time with her family, cooking, taking walks on the beach and travel.

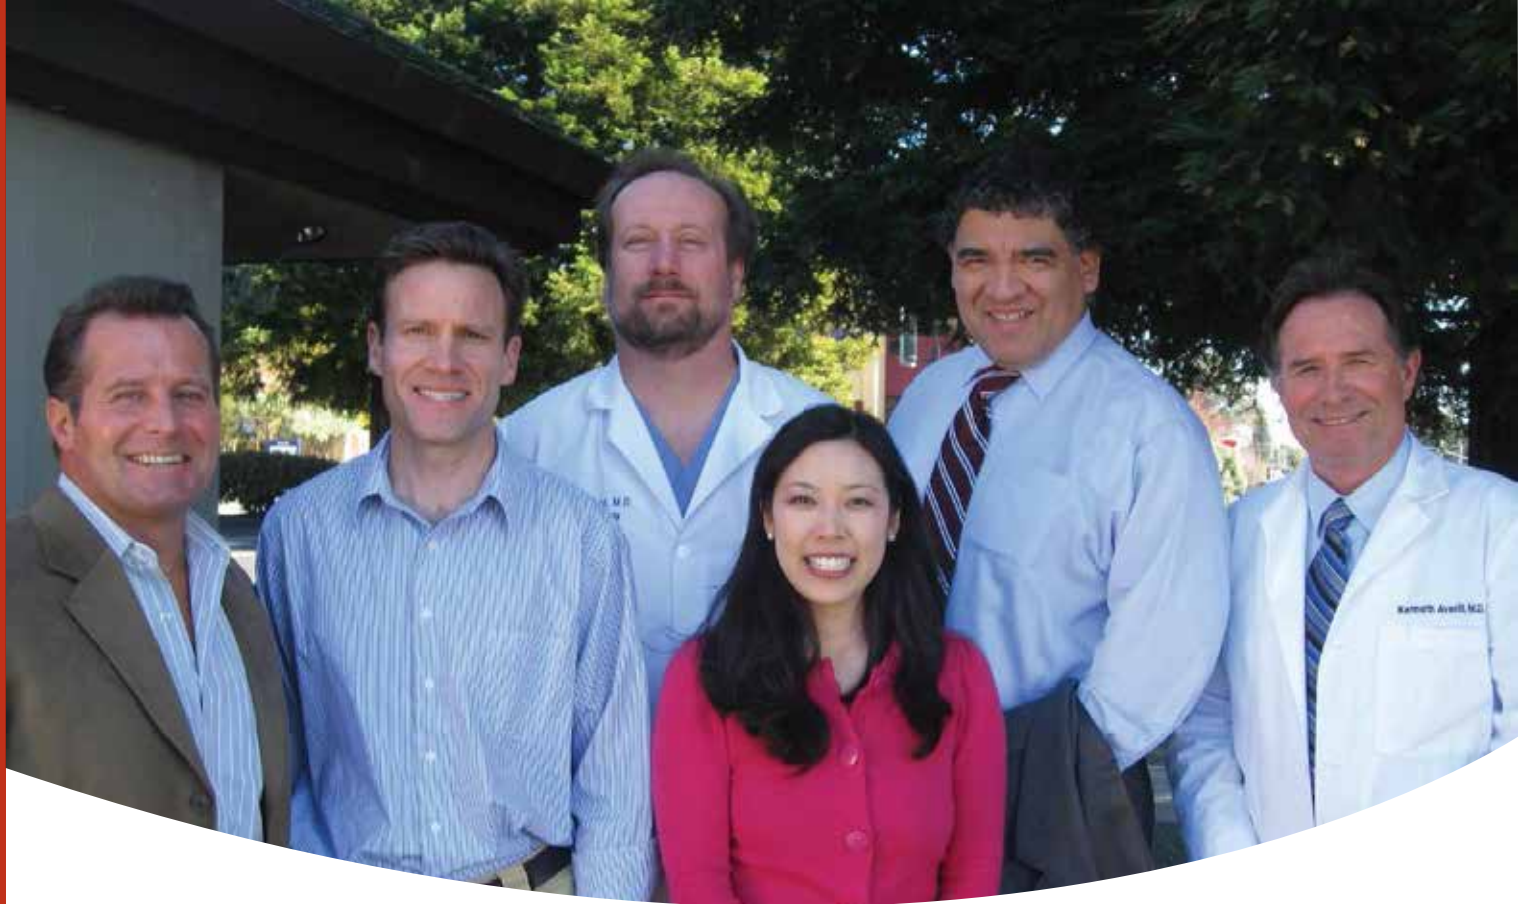

Jarl Saal is Founder and Executive Chairman of First Alarm, a Santa Cruz-based security services company established in 1966. As the chief architect of First Alarm's mix of products

and services, Jarl devotes a great deal of time to researching and vetting the best solutions available. Jarl also performs high-level security consulting to First Alarm's larger protected properties, and is a sought after specialist in high-risk facility security. He attended Cabrillo College and has resided in Santa Cruz County for 57 years. Jarl is an avid waterman and enjoys the many recreational activities the Santa Cruz area has to offer.

Jim Thompson is an attorney and active community member who has lived in Santa Cruz County for 46 years. Jim has a JD from the University of California, Hastings College of Law.

He has served as board member for a number of local organizations, including Santa Cruz City Planning Commission, Coast Commercial Bank, Cultural Council, and the Santa Cruz Chamber of Commerce. Jim is currently a board member for the Santa Cruz County Community Foundation and the Museum of Art & History. In his spare time, Jim enjoys cooking and creative art work.

Radiology Medical Group

The Dominican Annual Healthcare Sponsorship program is gaining momentum, recently celebrating a new addition to the growing list of sponsors - Radiology Medical Group, whose President Roy Martinez, MD, has joined the Foundation Board. The Group has been a long time supporter of the Foundation, donating over \$535,000 since 1979. "RMG is honored to be a strong supporter of the Foundation, an organization that addresses the changing healthcare needs of our community," says Dr. Martinez. "The heart of what RMG does is 'help doctors treat and patients heal' and the Foundation focuses on the initiatives to make it happen."

Radiology Medical Group has been providing high quality, comprehensive diagnostic imaging services to Santa Cruz County since 1930. There are 15 board certified physicians on staff with a wide range of specialties including mammography, nuclear medicine, vascular, pediatric, interventional radiology, musculoskeletal, and neuroradiology. Dominican has more types of radiology specialists than any hospital in the tri-county area.

"Our group is unique from many others because of the subspecialty input we have available to our referring physicians," says Dr. Martinez. "We have a team of dedicated radiologists that are insistent in offering our community specialized services while maintaining a standard of care that surpasses the expectation of its affiliates and patients right here in Santa Cruz. There is no need to go over the hill."

Pteron Society

Six years ago, a group of physicians came together to establish the Pteron Society, an annual giving club for physicians that funds scholarships to encourage high school students interested in a career in a medical field. The 6th Annual Pteron Scholarship Award Reception was held on May 30, 2013 in the Education Building at Dominican Hospital. Fifteen seniors headed for careers in the medical field were awarded \$500 each.

The celebration also included recognition of students completing the Health Career Academy, a partnership of Cabrillo College and Dominican Hospital, funded by a grant from the California Endowment. The program is designed to broaden students' awareness of health careers by exposing them to hands-on experiences at the hospital. Ten students received \$3,000 scholarships to participate in the Academy, which began with a course covering professional demeanor in the workplace, ethics, and leadership as it applies to healthcare. The second part of the program

had students rotate between the hospital and the RotaCare Clinic, a free clinic held on Tuesday nights in Live Oak. At the hospital, students were assigned to individual mentors in the Acute Rehabilitation Unit and Center for Lifestyle Management.

"The Academy was an eye opening experience," says Diana Majors, a Cabrillo student who rotated at the Acute Rehabilitation Unit. "It was amazing to connect what we learned about stroke in class to real life while observing patients. It is a miracle to see the effects of various therapies and witness the improvements patients make in just one week." Diana is seriously considering pursuing a career as an Occupational Therapist.

"I am going into medicine because I want to cure humanity from the diseases that sadly take our loved ones away."

The reception provided the students from both groups an opportunity to mix and mingle, discussing their experiences.

“I am going into medicine because I want to cure humanity from the diseases that sadly take our loved ones away,” said Rigoberto Perez, a graduate of Watsonville High School and recipient of the Pteron Scholarship. Rigoberto applied and was accepted to Brown, Cornell, and UCLA. He will attend Cornell in the fall.

Grateful Patients Honor Doctors

More than 80 years ago, a Georgia woman by the name of Eudora Brown Almond set aside a day to honor physicians. National Doctors' Day is now an annual occasion on March 30. In honor of Doctor's Day 2013 the Foundation sent out a mailing to our patients giving them an opportunity to pay tribute to the professionals who have touched their lives in so many ways. We received an overwhelming response from our patients, all including deep and heartfelt messages of gratitude for the doctors in their lives. While the responses varied, all shared a similar theme in recognizing the skill, compassion, and quality of care that our physicians routinely provide. Many included donations as part of their thank you.

"I think it is absolutely wonderful that a day has been set aside to honor the excellent doctors at Dominican Hospital," stated one of the patients. "There are not enough words to express our appreciation of the care that is always given with each and every staff member. I will remember the many kindnesses of great care and concern for the family and friends of my mother. She passed away in August 2011. God Bless each and every one for all that you do with your caring dedication and giving totally of yourselves. My appreciation always. I especially want to thank Dr. Kaufman, Dr. Raffo and Dr. Levin."

The names of Doctors listed here were honored with financial contributions. To honor your doctor please contact the Dominican Hospital Foundation at **831.462.7712**.

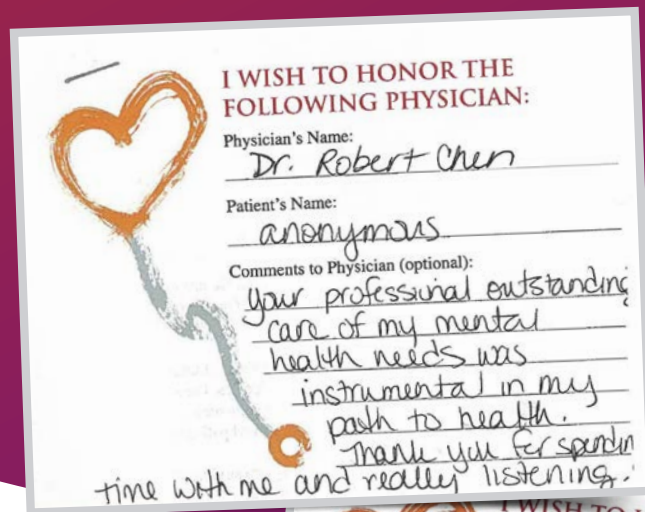

"I will remember the many kindnesses of great care and concern for the family and friends of my mother."

I WISH TO HONOR THE FOLLOWING PHYSICIAN:

Physician's Name: Dr. Robert Chen

Patient's Name: anonymous

Comments to Physician (optional):
Your professional outstanding
care of my mental
health needs was
instrumental in my
path to health.
Thank you for spendin
time with me and really listening.

I WISH TO HONOR THE FOLLOWING PHYSICIAN:

Physician's Name: Dr. Michael Ellison

Patient's Name: Beverly Z.

Comments to Physician (optional):
Thank you for
saving my life.

iGive

Employee Giving Campaign

Dominican Hospital employees have donated more than \$750,000 to the Foundation since the inception of the Employee Giving Campaign in 1995. This campaign is special because it demonstrates a commitment to Dominican's cause by those closest to the hospital, and sends a significant message to philanthropists, foundations, and corporations, helping to leverage grant funding and major gifts.

"I give to Dominican because of very personal reasons," says John Hadveck from the Engineering Department. On July 14, 2004, John's daughter Robin was born at Dominican Hospital. She was struggling for breath from what turned out to be Aspiration Pneumonia, inflammation of the lungs and the airways, a potentially fatal condition for an infant. A nurse noticed that something was amiss right away and transferred baby Robin to an oxygen tent in the Neonatal Intensive Care Unit. John's gift of \$1,000, to this year's campaign honored Kathy Woodruff, the nurse that saved his daughter's life. "She is my heroine," says John. Kathy has retired from Dominican but her memory lives on in our Maternal Child Health Department.

This year's campaign was held in May and focused on the Acute Rehabilitation Unit. Employees can also designate their gift to an area that they care about. Currently over 250 employees are active donors to the Foundation.

Photo: John Hadveck's daughter Robin, 9, and wife Shirley.

The Employee Giving Campaign is run by a committee of volunteers and employees.

Employee Giving Committee:

Martina O'Sullivan, Administration, Chair
Beth Butler, Patient Satisfaction
Carol Brooks, Home Health
Ted Burke, Shadowbrook Restaurant
Bob Ciapponi, Bogner Sheet Metal
Martha Clingerman, Patient Accounting
Ian Mackenzie, Mackenzie's Kandy Kitchen
Kerry Nehls, Acute Rehabilitation Unit
Betty Patten, Nursing
Tari Schwarz, Case Management
Jan Slay, Laboratory
